

QST, QST, QST - This is the Saint Augustine Amateur Radio Society
Wednesday Evening Phone Net.

My name is **Name** and I will be your Net Control Operator for this evening's net. My call sign is **Call Sign** and we will be operating as **N4AUG** for the net.

This net meets every Wednesday evening at 1900 Local Time on this repeater. The purpose of this net is to share fellowship, news, and personal updates from the members and friends of SAARS. This is an informal net. All are welcome and we encourage your participation in the discussions.

The protocol for this net is simple. I will call roll and then invite each net member to make a comment, announce their news, or just tell the net what's on their mind.

After completing the first round of comments I will invite each net member to make a second round of comments. After the second round, I will close the net and return the repeater to normal amateur use.

Please note that all net controllers for this net are volunteers and that we are continually seeking new net controllers. The only requirement is that you have a mobile or base station capable of reaching both the primary and alternate repeaters. Those wishing additional information can email km4phi@gmail.com or km4phi@winlink.net.

Before we begin the net I have been asked to make the following announcements *(If there are no announcements, skip this section.):*

I will now start the net roster.
(Take roll call and log info as you go.)

Before we begin the first round of comments, are there any other stations that wish to check in? Please call now by phonetically spelling your call sign (Log additional Check-Ins.)

The first round of comments will begin now.
(Call each net member for their comments.)

Before we begin the second round of comments, are there any other stations that wish to check in? Please call now by phonetically spelling your call sign (Log additional Check-Ins.)

The second round of comments will begin now. (Call each member for second round comments.)

Before I close the net – Are there any final check-ins or rechecks for the net? Please call now by phonetically spelling your call sign (Log any additional check-ins and their comments.)

The St. Augustine Amateur Radio Society, better known as SAARS, wishes to thank you for your participation in tonight's net.

We hope that you will join us again next Wednesday evening and every Wednesday evening at 1900 local time.

As always, we wish to thank Jimmy, KF4MX, the owner and trustee, for the use of this repeater for the net.

We had _____ check-ins to this evenings net. This concludes the St. Augustine Amateur Radio Society Wednesday Evening Phone net.

The net is now closed at _____ Local Time and the repeater is returned to normal use. 73 Everyone
